

Solids, Liquids, and Gases Activity

Phase Changes

Go to the following website: <http://molo.concord.org/database/>

In the top right hand corner where it says jump to activity # type in 180

Click on the student tab just to the right

Click on the **Launch Activity** Button just below the picture

After the activity loads click on the [About the Model](#) tab at the top and read through the entire section.

Next click on the [Guided Activity](#) tab. Work through the entire activity. You must type answers in the green box in order to continue. Think about your answers as you will be submitting these to me.

Next go to the [Questions for Understanding](#) tab. Answer all the questions thoughtfully.

When you are finished answering all the questions go to the [Summary](#) tab. If you want to change any of your answers at this time do so. When you are satisfied with your answers hit the print button at the bottom of the page. You can either print out your answers or save them and email them to me at kdteel@ndsion.edu
